Dear [redacted]

STAT

[redacted] has advised me that you are interested in stopping by Okinawa or Bangkok on your return from Islamabad in order to get some exposure to bureau life and for some on-the-spot training in cruising. I think this is an excellent idea if the timing is right for our bureaus. Please let me know if you are still interested and the time frame you are considering for the TDY.

STAT

I also wanted to let you know that we are happy with the way you are running the unit. The BBC has noted to us several times that the feeds are better handled than ever, with no significant glitches. I understand that an SOP you have developed should be of great help to your successors.

I know Islamabad must be looking better since the arrival of your wife. Hope you get a chance to show her some of the country. Maybe you will get the Jeep Cherokee replacement and put it to some good use before your tour is up. Enjoy the rest of your tour and keep up the good work.
